Tena koutou katoa

I was born and raised in Whangarei and attended Mangakahia Area School. I have one son and two mokopuna, boys aged 3 years old and 6 months.

After finishing school I made the 'big move' to Auckland for work, initially as a Childcare assistant and then moved into the Pharmaceutical distribution business until my son was born. When my son was 3 years old I made the decision for us to move back home as I wanted him to have the same rural/ whanau orientated schooling experience I had.

My work background has been in social services working for both government and not for profit organisations. I work for Te Uri O Hau Tangata Developments as the Project Manager for Nga Ripo which is the Kaipara Whanau Ora collective.

I am also a board member on Ringa Atawhai Trust and Jigsaw North Family Services Trust in a voluntary capacity.

In my spare time besides spending time with my mokopuna and whanau I like to do waka ama and am a founding member of Parihaka Sports Club Inc.

It's exciting to be part of the NDHB Consumer Council and the vast experience of my colleagues who surround me at the table. I commend the NDHB for implementing the Consumer Council and providing continued support.

My particular areas of interest are; Maori health, child health and maternity.

Mauriora
