- 4.1 Carried over for Feb 2017, Kevin keen on looking at the improvement of discharges and early cares to enable early discharge. Wants stories on good and not so good discharges. 4.2

5. Discussion

- 5.1 Introductions of the new members for those not present at the November 2016 meeting.
- 5.2 Introductions of the new members for those not present at the November 2016 meeting.
- 5.3 Kevin - had query through the web site, John Ross, ex journalist who has had great experience through different services within the hospital and would like to help attract funding for NDHB. May sit better with Ros Martin around the raising of funds. **Action Point:** Kevin has a bio about John so will send around the group.
- 5.4 CD – asked if the NHCC would like to do something for patient experience week 24 to 28 April. **Action Point:** Keri to present overview and lead discussion around Patient experience week at the next meeting. Consumers would still like to participate in the 15 step challenge process for 2017.
- 5.5 Brian – currently looking at NDHB complaints system, and the ranking of the complaints and degrees of seriousness. Highest level would get the full investigation similar to serious incidences. It is a health matrix determined by the HQSC. Complaints go to the Quality Directorate first and then a team follows up. Julie went over her experience through the complaints systems. It should be recognised that the family is the greatest carers. Kathy Diamond arrived 5.50pm.

Also the DHB are considering a whole new mobile data system for staff, to make every note electronic so there is no paper based system. Leap frog is the over arching system for multi activities. It is quite comprehensive, patients get an ipad to feed back their experience of how this system is going. Patient will potentially have access to their bank account, emails, patient records everything while they are in hospital. Waitemata DHB are currently piloting this. Nurses and doctors don't need to go back to their station to make notes. Has alot of potential of what it can do. Keeps an eye on early warning signs and the doctor will not necessarily need to physically be there.

- 5.6 Margareth – ACP sponsor is bringing together and revisiting all those activities and will create a new governance group. Will be around communication with staff and patients and how we communicate with patients.

Have talked about clinical support person and thought that Margareth and Mike could cover this role. Everyone happy with this decision.

Electronic record called Whanau Tahi is a shared care record being rolled out through the GP practices. We will start to develop patient care plans and this can then be shared with their clinical team looking after them. Your record can be seen when you come into hospital. Fully auditable so no-one can see who shouldn't be looking. At this stage this will only have specific pieces of records on it. One mechanism to having the patient voice and information can be shared between you your practice and care team. **Action Point:** Margareth to present Whanau Tahi March meeting.

- 5.7 May – may not be able to come to the next meeting because the pacifica festival is the week after that. May shared an experience of a girlfriend having hysterectomy. She got to see first hand whanau centred care and partners in care working. The family were always there making sure that she had what they needed. The staff worked in really well. The Patient questioned everything to do with medication and that
-

was really good because she knew what was right for her. May was impressed with phlebotomist who was very meticulous with hand hygiene. Gave him positive feedback.

- 5.8 Kathy Diamond – attended tangi today and visited the person in hospital the Sunday before. Said a nurse called Rachel on Ward 16 had shown great respect.
- 5.9 Leanee – had surgery in December, had experience with a male nurse who asked everyone in the room to leave around 8.10pm. On the night before her husband had stayed until about 10.00pm and was not asked to leave.
- 5.10 Debbie – working on the patient journey co-design workshops. Doing training with Dr Lynne Maher. Working on the food and cleaning tender process. Went over Patient boards with Mandy that goes behind the patients beds. Had to get buzzed in onto a ward as the doors were locked. Visited ED on new years, delighted that they were only there 2 hours, was really busy. Attended meeting Clinical Governance Board. Mike gave bereavement package that had been produced by some of the nurses as a resource toolkit for nursing and doctors around processes. Really good and thorough, Debbie’s experience with her father might not have happened if this had been a resource back then. Neat to see this developed.
- 5.11 Julie – Will attend next Child Health Governance, Kevin will go along for support. **Action Point:** Corrina to get dates and give to Kathy Sadgrove, Julie and Kevin.
- 5.12 Chelsea – has been on holiday, currently still on holiday. Chelsea interested in 15 steps for child care wards.
- 5.13 Kevin happy to do the Falls pathway in conjunction with ACC requested by Lyn Rostern.
- 5.14 Kevin – happy to see that the dementia pathways is really starting to make traction. Had someone from Counties Manukau wanting to know how to create a consumer council. Kevin advised them that they already have one and who they can contact. Graeme Norton has resigned from the Hawkes Bay Consumer Council.
- 5.15 **Action Point:** To update photo for web page next month. **Action Point:** Leanee and Julie write and send bios, Corrina to send examples.

6. Other Agenda Items
